## Reminders

The first week in October is an important one for Catholic Schools across the Diocese. It's called ADM week-Average Daily Membership. This is when we calculate the number of students present throughout the week. These numbers are then used to determine funding levels for next year. Therefore, it's very important that we have as many students present at school as possible. Please try to avoid making any dr. appointments during this time. Thanks so much!

We celebrated our first all school Mass today since 2019! It was wonderful to be together in worship again! During his homily, Father Wojciech told the students about when Jesus was praying with his disciples and asked them, "Who do the people say that I am?" The disciples said many different things to Jesus. So, Father posed the question to the children, "Who is Jesus to me?" One of our 5th graders responded, "Jesus is the savior to the world. He helps me when I'm lonely and he saves me from the darkness." Wonderful insight and how comforting to know that our students know this already! We are so blessed to be here at Trinity Catholic School!

FYI, new guidance came from Columbus Public Health this week. It states that if a child is sent home ill from school, the siblings must go home as well. All can return after a negative test or an alternative diagnosis. This makes it more important than ever to NOT send your child to school with any Covid symptoms! I have included the link to the guidance for your reference.
