

### **Last Weeks All School Mass Under the Autumn Foliage**

St. Joseph School is so Blessed to have the Grotto of Mary as part of the campus where the students can spread out safely outdoors to hear the Liturgy.

Fr. Acker, S.J., used the Autumn foliage to help with a history lesson for the children. The students reflected on the history of the trees, the history of the Grotto, and the history of St. Joseph School and Church.

The students were then encouraged to go home and ask their parents about their own family history.
