

ST. JAMES IS A NUT FREE SCHOOL!!!!!!

This means no snacks, lunch, or after care snacks can contain any form of nuts. This includes peanut butter, cashew nut butter, or Nutella. Also be aware that 95% of granola bars contain some form of nut. Please remind your child also not to share snacks or lunches because many of our children have allergies to different foods that can cause problems. If your child brings in Lunchables by Oscar Meyer, check the "snack" that comes with the lunch. Many of the candies in the Lunchables contain nuts. If, by error, your child comes to school with a NUT containing snack, it will be taken away and discarded in the nurse's office and a note will be sent home to you.

Another concern is parties at the school. I am sure your teachers have informed you that any food brought into the school MUST have an ingredients label on the item. NO Dunkin Donuts or bakery goodies will be allowed.

Any questions or concerns please feel free to contact me at extension 363

Keeping Our School Safe and Healthy
