

## Welcome to Pre K

My name is Rebecca D'Arienzo and I am teaching Pre-k at St. James in the Fall. I have over 17 years of experience teaching young children. I love teaching young minds and seeing their growth.

To prepare for school, please read to your children at least 5 minutes a day during the summer. I believe reading to children is an important part of a child's development. I look forward to teaching your children. Have a great summer.
