# WALLA WALLA CATHOLIC SCHOOLS

## MISSION STATEMENT

Walla Walla Catholic Schools is a ministry established by the three Catholic Parishes in Walla Walla to provide a Christian-based education for pre-school through high school aged children regardless of religious affiliation. Providing an “Education for Life,” by educating the whole person, spiritually, academically, physically, and socially, the Walla Walla Catholic Schools foster the values of faith, hope, charity, and justice.

### DESALES CATHOLIC SCHOOL

#### MISSION STATEMENT

DeSales High School educates for life from the Roman Catholic tradition. Considering the unique needs of each student, we provide a rigorous curriculum enlivened by faith within a Christ-centered environment. DeSales serves all families open to the ideals we embrace as we strive to form the entire person – spiritual, moral, intellectual and physical. We seek to impact the culture with a commitment to building a just society in light of the Gospel.

#### PHILOSOPHY

At DeSales educating for life takes its fullest meaning in the abundant life found in Jesus Christ. That abundant life, which finds its perfection in heaven, is also experienced in our earthly life. This life that we long for is revealed through the Roman Catholic tradition. The Church has a rich tradition in education, which begins with the true understanding of who man is and what he is destined for.

All persons have dignity and must utilize their freedom in order to perfect their God-given talents. DeSales provides a rigorous program that challenges and engages each student. The educational experience is further deepened by including a faith perspective. We create an atmosphere based on charity, with Truth as its hallmark.

DeSales recognizes that we serve families and feel privileged to collaborate with parents, who are primary educators of their children. The invitation to attend and participate in the DeSales experience is open to all. Recognizing that Grace perfects nature, we want the physical, intellectual, and moral growth of each student to correspond to a spiritual maturity that will give them a better perspective on how to prioritize their dreams and goals for the future.

The DeSales teachers and administrators recognize their professional and moral obligations to be well prepared in their fields of expertise and to continue their education and growth in faith. They are thus enabled to teach their respective subjects with the appropriate methodology, skill and perspective.

DeSales seeks not only to convey the culture through classes and activities, but to empower our students to participate in impacting the culture both now and in the future. Thus, our students become constructive participants in building a culture that respects each individual life and strives to form charitable communities from families to nations.

## STATEMENT OF COMMITMENT

DeSales takes seriously its responsibility toward fulfilling our religious goals. Catholic or non-Catholic, it is not our intention to proselytize students. Simply put, all DeSales students are invited to explore the religious dimension of their lives under our guidance. Should a student wish not to do that, a reason for attending DeSales does not fully exist.

1. All students who enroll in DeSales accept a serious obligation to explore their religious experience and their attitudes and values in a Christian context.
2. Each student is required to take religion courses while attending DeSales. 45 hours of Community Service is required for graduation. These requirements are designed to challenge students to understand and love the religious outlined in our Mission Statement.
3. The required retreat program at DeSales provides students with the opportunity to participate in a reflective experience to gain self-knowledge and knowledge of how the Lord works in their life. It is also a time for sharing insights, personal beliefs and attitudes through group interaction.
4. Each student is expected to attend the weekly celebration of Mass. The participation is to be appropriately reverential and respectful in accordance with the instruction given by the presiding priest or school officials.
5. Parents are an integral part of the education process at DeSales and are expected to attend parent meetings including the orientation session, and parent/teacher conferences.
6. Parents agree to accept the responsibility for the cost of tuition and class fees in accordance with the Tuition Agreement.
7. Parents are requested to commit to a minimum to 25 hours during each school year to the Family Service Program.

---

---

**The Administration of the WWCS recognizes that new experiences can be challenging. We ask that you commit to one full school year in order to allow your child a complete experience.**

I read and understand the above expectations and commitments. I hereby accept **them** as stated.
