

CIVICS FIRST MOCK TRIAL

Saint Paul School once again participated in Civics First Mock Trial Competition this past January. Our middle school students argued brilliantly and were excellent in preparation and poise...and their scores showed it!

To be eligible to advance to the next round, a school's prosecution and defense teams must both win their cases. In this year's competition, the Saint Paul School defense team won - hands down! Our prosecution tied, but the opposing team was given the point. Because our team had performed so well, however, they were then asked to return for the playoffs as a tiebreaker. Unfortunately, the competition has been put on hold until further notice, due to the COVID-19 outbreak.

Congratulations to both teams for a job well done!
