**ACI Zoom Meeting - Being Catholic in Contemporary Ireland
November 25th, 2021, at 8.00 p.m.**

"The majority of Irish people see and understand themselves as Catholics. Being Catholic is embedded in school, community and family life. And yet there seems to be little interest in salvation in and through the Church. Moreover, being Catholic seems no longer relevant to fulfilling social, political, economic and, more significantly, environmental interests." Tom Inglis - Irish Sociologist and Commentator. This observation - by the renowned writer on the Catholic Church's 'Moral Monopoly' in 20th century Ireland - will be expanded by Tom on 25th November - for discussion by all who are interested. If, like ACI, you are convinced that 'being Catholic' is far from irrelevant in an ongoing world secular crisis - climatic and otherwise - be sure to join us to tell us why. WORLD DAY OF THE POOR

**COP26: Pope warns of God's judgment
for failure to care for creation**

In a letter to the Catholics of Scotland, Pope Francis prays for "wisdom and strength" for leaders at the COP26 meeting on the environment, warning that "this occasion must not be wasted, lest we have to face God's judgment." "Time is running out," Pope Francis said in a [Letter to the Catholics of Scotland](#), made public earlier this week by the Archdiocese of Glasgow. The occasion of the COP26 conference, he said, "must not be wasted, lest we have to face God's judgment for our failure to be faithful stewards of the world He has entrusted to our care."

A great moral issue of our time: Pope Francis expressed his regret at being unable to attend the Conference in Scotland and meet with Scottish Catholics. However, he said, he was grateful to the faithful for "joining in prayer for my intentions and for the fruitful outcome" of the meeting, which is facing one of "the great moral issues of our time: the preservation of God's creation, given to us as a garden to be cultivated and as a common home for our human family." He called for prayer for "wisdom and strength" for leaders "charged with guiding the international community as they seek to meet the grave challenge with concrete decisions inspired by responsibility towards present and future generations."

Persevering in proven fidelity: The Pope's letter was dated 9 November, the feast of the Dedication of St John Lateran, which "symbolizes the Church's communion in faith and charity with the See of Peter. He asked the faithful of Scotland for prayers for himself and his fellow bishops, and encouraged them to continue to persevere in their "proven fidelity to the Lord and His Church."

Renewed commitment: In these challenging times, he said, "may all Christ's followers in Scotland renew their commitment to be convincing witnesses to the joy of the Gospel and its power to bring light and hope to every effort to build a future of justice, fraternity and prosperity, both material and spiritual."

Pope Francis concluded his letter by assuring Scottish Catholics of his prayers and commending them "to the loving intercession of Mary, Mother of the Church."

CATECHISM CORNER

But what is a catechism? Something a bit scary that our grandparents learned off by heart in preparation for the Sacrament of Confirmation? Something far too difficult for modern day children? Maybe.

But the sacrament of Confirmation is to CONFIRM = to make strong, to make you strong and firm in your faith through the power of the Holy Spirit. The gift of Fortitude is to help us to be brave, resilient, to put up with things and to be able to defend our Faith. And to be able to defend our faith we really need to know what it is. The catechism is the entire authentic explanation of the Catholic Faith and it is a path to God .

Your Question: Name the other six Gifts of the Holy Spirit.

REMEMBRANCE MASS

The Covid-19 pandemic has been a particularly difficult time for those who have lost loved ones and have often had to cope with their grief without many of the usual spiritual and community supports.

To pastorally support everyone who has suffered the pain of bereavement during the pandemic, and in the context of the month of November as the traditional time when we remember our dead, on next **Sunday, 14 November at 3.00pm**, the Bishops of Ireland will undertake a pilgrimage to the International Eucharistic and Marian Shrine in Knock. The bishops will concelebrate Mass for all those who have died in our country during the pandemic, and for their families. At the Mass the bishops will also offer prayers of thanksgiving for all those who so selflessly sacrificed so much during the pandemic.

This Mass will be live-streamed on www.knockshrine.ie and broadcast on the RTE News Now digital television channel and online. The bishops invite everyone to join with them in prayer on this solemn occasion.

Bishop Denis will be attending the Mass and has invited Dermot & Pauline Phelan from Baltinglass Parish to represent the diocese. Dermot sadly buried both his parents who died from Covid in early 2021.

Prosperous Eco-Congregation

Now is the time to gather fallen leaves, rake them into your 'wild corner' for wildlife. They are a safe haven for hedgehogs to hibernate in, moths and butterflies, caterpillars and other insects over winter there too. You can also loosely fill the leaves into a refuse sack, tie it and puncture holes in it with your garden fork and leave them to decompose into leaf mould – a wonderful commodity for seed sowing, planting, mulching etc. A simple method to clean leaves from your lawn is to mow it at a high setting with the collection box on.

November is the time to plant pollinator friendly bulbs such as crocus & snowdrops to provide food for bees and other pollinating insects. Hellebores single flowered variety and winter flowering heathers can be planted now and these will flower from January to May providing essential food for our wildlife. Another great advantage of winter flowering heathers is that they don't need to be planted in peat – a precious commodity. Now is also a good time to plant a native tree, shrub or hedgerow that will flower and provide food for pollinators for years to come.
