

Surrender Prayer:

Dear Jesus:

I choose to surrender myself to you.

Take care of everything Lord.

I fold the wings of my intellect.

I close the eyes of my soul.

I peacefully rest as a contented child in your loving and providential arms.

I step aside from controlling my life and I hand it over to you.

I abandon my unruly ego, that you may have free rein to orchestrate everything for me and to resolve all difficult situations.

You take care of everything my Lord and I will gladly and humbly obey.

Jesus, I trust in You.

Not my will but thine be done.

May your holy name be praised for ever and ever.

Amen.
