

All Saints Eagle News September 9, 2021

*All Saints Catholic School community proclaims the Word, shares Catholic teachings,
and educates our children.*

Prayer Corner

O Lord God, our heavenly Father, regard, we pray, with your divine pity, the pains of all your children. As we remember the horrifying events of September 11, 2001, hold us in the shelter of your enduring love. Grant that the passion of our Lord and his infinite love may make fruitful for good the tribulations of the innocent, the sufferings of the rescuers and the sorrows of the bereaved. We ask this in the name of your son and our brother, who suffered and died for the sake of all people. Amen

Mrs. Lisa Gruber, Principal

lgruber@allsaintsschool.net

We have almost made it through another week. Even though they have been short weeks, I'm sure there are a lot of tired kids and teachers!

Thank you to the middle school families for being patient through our working out the details for our online learning. We are working on a few technical issues with Chromebooks. I have created a set schedule for the students to follow. A certain number of minutes for each subject each week is required. The students are very resilient and are learning to navigate this online program. They are learning how to adapt and be more independent. That will help them in the future.

We are continuing to advertise for a classroom supervisor on Tuesday and Thursday for the middle school. I am currently supervising these days but it would be helpful to have another person to help. This is a paid position and can be flexible. If you know anyone looking for a part-time job and would be helpful in monitoring the students while they learn online, send them my way!

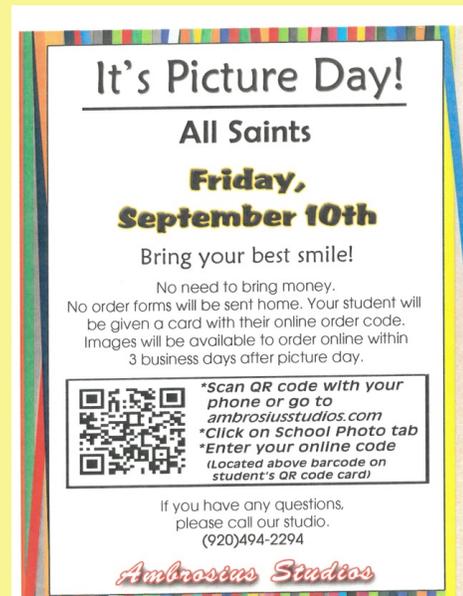

We will be scheduling MAP assessments soon. There is some set up that needs to be completed and then grades K-8 will have their assessments. Kindergarten through grade 2 will be assessed in math and reading. Grades 3-8 will be assessed in math, reading, Language arts and science. MAP assessments can help us evaluate our curriculum materials and the growth of the students. As we see areas of strength or weakness, we will evaluate what and how we are teaching. One area I feel is in need of evaluation is in the materials available for the new teachers. Some of the textbooks are very old. We continue to use the SuperKids in grade k-2 which is a recent addition to ASCS. We have also ordered science and social studies supplements for all grades to enhance the curriculum. Our 3K-K will begin the Allelu program soon. This is a religious supplement that will be a great addition to the curriculum.

Thank you again for your support of all of the newcomers to ASCS!

Mrs. Lisa Gruber

Weekly newsletter will be sent home Thursday after school, via an email through Constant Contact. Some have been going to Spam, so spread the word to your ASCS family and friends.

Don't forget picture day is tomorrow!

It's Picture Day!

All Saints

Friday,
September 10th

Bring your best smile!

No need to bring money.
No order forms will be sent home. Your student will be given a card with their online order code.
Images will be available to order online within 3 business days after picture day.

COVID News

As of August 11, 2021, we are able to make decisions about masking based on our local community. Here are some of the procedures and updates.

Hygiene and Cleanliness

- Adequate personnel are needed to clean the building.
- All employees and students should wash or sanitize their hands as appropriate.
- Hand sanitizers and/or wipes should be readily available in all classrooms and common areas.
- Areas of the school where illnesses are commonly spread, should consider being cleaned between the beginning of the day and lunchtime, then again after the

school day is completed.

- Consider cleaning high touch areas at least two times a day - railings/door knobs/etc.
- Classroom teachers should consider evaluating the way students are sent to the restroom to limit the number of people in the small space at once.
- Each school building should be deep cleaned once a week. Schools may consider using a fog chemical that is safe for schools to accomplish this deep clean.
- Students need to be instructed that they should do their best to always cough or sneeze into a tissue (discarded) or their elbow. At all times, this needs to be modeled well by school employees.
- Instruct students on proper hygiene of blowing nose or coughing. The student should discard the used tissue and wash or sanitize their hands. Adults working in the school must model this practice.
- Administrators should post appropriate sanitary methods for the students to have a visual reference on how to stop the spread of germs.

Based on updated data from the CDC and DPI, the following guidelines are recommended for schools:

A student or employee who is diagnosed with COVID-19 must follow procedures as outlined by their county health department. If there are no county health procedures in place, the following guidance should be followed:

- If a staff or student is not vaccinated and tested positive for COVID or was exposed to someone who tested positive for COVID, and the staff or student has NOT HAD COVID within the past 90 days, the staff or student should quarantine for a minimum of 10 days. The result may be shortened to 7 days if the staff or student receives a negative COVID test result.
- If a staff or student is not vaccinated and was exposed to someone who tested positive for COVID, and the staff or student HAS HAD COVID within the past 90 days, the staff or student do not need to quarantine.
- If a staff or student is vaccinated against COVID they do not have to quarantine, but should get a COVID test within 3-5 days of exposure.

Masks

- Face masks are required on public school buses.
- The use of masks are at the discretion of the school.
- DPI and the CDC recommend that all students, teachers, and staff, regardless of vaccination status, wear face masks at school.
- Schools may consider in areas where there is student density and close contact in excess of 15 minutes that masks covering the nose and mouth be worn by adults and students.
- The Office of Catholic Schools will require masks to be worn if a school has over 10% of the total student body with a positive COVID 19 test. Masks will continue to be required until the school achieves an infection rate of less than 5%.
- If the COVID rate in your county is at Moderately High or greater, visitors and guests should not be allowed in your school. This includes volunteers. When the county rate is at Moderate or lower, visitors, volunteers and guests may return.

Schools are not required to take temperatures or ask health related questions for students as they enter the school building. Schools should consider implementing screening of students if COVID levels at the county level are in the High category.

It is the responsibility of the parent (guardian) to make certain a child is healthy and able to attend school. Parents should send their child to school if they have answered NO to all of the following questions:

- Have you been in close contact with a confirmed case of COVID-19?
 - Have you had a fever in the last 48 hours?
 - Have you had a new loss of taste or smell?
 - Have you had muscle pain or chills?
 - Have you had a new headache?
 - Have you had nausea, vomiting or diarrhea?
-

Knights of Columbus

Knights of Columbus meets the first Tuesday of the month in the church basement from 6-9 p.m.

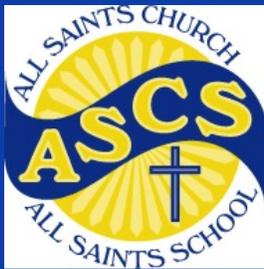

Service and charity are at the heart of the Knights. Founded to meet the needs of immigrants, refugees and families suffering from the death of a breadwinner, the Knights began as a small service organization and has grown into a worldwide financial and charitable organization.

Our local KCs has helped the school with generous donations throughout the years. Please support their fundraisers and consider joining!
