

Hot Lunch Program

Monday, August 02, 2021

Hello Parents & Guardians,

It's that time again. We are gearing up for school to start.

The U.S. Department of Agriculture (USDA) outlined a plan to extend the free school-lunch program for every K-12 student to the spring of 2022.

For the month of August, 2021 your child(ren) will be receiving a hot lunch, sides and a milk. This will be a great way for your child(ren) to try a yummy and healthy hot lunch. If your child(ren) will be bringing a cold lunch from home, a choice of skim, 1% and chocolate milk will be available to them.

Please see the attached August 2021 Lunch Menu:

SEPTEMBER FREE HOT LUNCH ORDER FORMS

Beginning with the month of September, FREE lunches will be available. **BUT YOU MUST ORDER FOR EACH CHILD**. Families will receive a form for each child to select either a hot lunch or salad, milk is included with both. If your child would just like milk with their lunch from home there will be a milk only option.

Please contact our school's food service coordinators directly at gr8food@sthubertschool.org if you have any questions.

Sincerely,

Lisa Grogman, Karen Zapinski, Jeannine Glazebrook
Food Service Managers
