

Natick Catholic Community Baptismal Preparation

Our parishes use Ascension Press's Belonging Course for Baptismal Preparation. The course is a series of short videos (it should take you around 2 hours to complete depending on involvement level) and can be done in short blocks of time – perfect for parents! You can even watch the videos on your phone!

The series is \$9.95 (\$10.57 with tax in MA) and can be found at:

Ascension offers additional resources for purchase with the videos, but our parish does not require them. If the cost (or lack of internet access) presents a hardship, please contact the parish office.

After purchase, you can view the videos here:

The course issues a certificate of completion after you finish it – we ask that you email this certificate to the parish office at: **natickcatholics@gmail.com**

Troubleshooting Tip – the online program requires you to fully view a video before you can move on to the next video. If you have finished a video but don't see the "Continue" button, you may have 3-4 seconds left for the video to finish and the next screen to appear.

Congratulations and welcome – we are so glad that you are here! We look forward to getting to know your family!
