A note from Mr. Monte

Dear St. Stephen School Families,

We are continuing to monitor the Covid-19/Delta Variant situation and how schools should be responding. You may have heard that Oakland County has mandated masks for K-12 schools. At this point, Wayne County hasn't mandated masks. However, I would like you to be prepared about mask requirements that could happen sooner than later in Wayne County.

I have already talked to students in our classrooms about the possibility that a mask requirement may take place soon –just as it was last year.

I will continue to monitor the situation and relay to you any changes. We continue to urge students to wear masks.

God bless our school and families!

Joe Monte

Principal
