Each SPS family with students in grades K-8 is required to fulfill **15 credits** of service each year. Credits can be earned by either parent. We appreciate that many families far exceed the required number of credits but we will stop tracking once the initial 15 is met.

Please return to Anne George at sps.annegeorge@gmail.com. If you would prefer to buy out your service credit requirement please sign and return with a check payable to St. Paul School in the amount of \$25 per credit.
