From the Pastor's Desk

Regarding Covid-19 Vaccines Many Catholics are aware that some vaccines have been developed using cell lines derived from an aborted baby in the 1970's. It is a relevant to question whether or not Covid-19 vaccines have been developed in an ethical way, and whether or not a Catholic can in good conscience receive them. I have placed a few copies of Bishop Folda and Bishop Kagan's joint letter regarding these vaccines, as well as a question & answer sheet from the US Bishop's Conference in the church entrances. I have also posted them to our website: www.stceciliavelvand.org Both documents are in accord with authoritative documents from the Vatican. Ultimately this is an issue of cooperation with evil, which is something we deal with on a day-to-day basis, but rather complex when one begins to examine the morality of any given act. If you have questions please don't hesitate to speak with me.

Karlsruhe Finance Council: All but one of the nominees for the position have declined to run. Therefore, voting is unnecessary, and the lone remaining nominee, Kris Goodman, will take the position.

Karlsruhe Holy Family Society: Maggie Mack is retiring from being president. A new president is needed. An election was scheduled for this Sunday. Since I am gone this weekend, we will postpone the vote until next Sunday, January 20th, after Mass.

Covid-19: We will follow these protocols until further notice: *At Mass* - Practice physical distancing and wear a cloth face covering; no congregational singing; the dispensation from Sunday obligation is still in effect; please spread yourselves out across the different Mass times so as to not overfill the Church. *Outside of Mass*: Parish groups (council meetings, bible studies, etc.,) may meet, but must practice physical distancing and use face coverings when distancing is not possible. *Religious Education:* In person classes will continue as of now; all teachers and students are required to wear cloth face coverings at all times.
