1	Opening Prayer
We had a prayer service to begin	

2	Get to know each other
We went around and introduced ourselves and mentioned a strength that we bring to the council and why we joined.	
It was nice to meet in person since no one on our particular council had met in person (we were all new last year)	

3	How Worship Council works
We had a discussion about the way we are set up as a council. We also discussed some of the ideas we had last year and gave examples of some of the things we would like to adopt.	
Things might change moving forward since we will be more "in person."	

4	Agenda Items
<ol style="list-style-type: none"> 1. Block Party- we are planning for the outdoor mass and block party on Sept. 11. Amy asked if we can be there 3:30-4 pm that day to help with set up. 2. Greeters and Ushers are urgently needed. Find some friends! 3. We had a discussion about artwork to commemorate those who have died during the pandemic. We talked about the process of commissioning something. John Topic was a possible resource as well as Teri's sister. We took a look at the space it would occupy. We will have further conversations about this. 	

5	Summary
It felt good to meet in person and welcome a couple more people into our ranks. Most of the evening focused on what we had accomplished last year and where we want to go this year. We are looking forward to welcoming people back to church this fall particularly at the Block Party and outdoor mass. We would still like to get more folks involved in ministries, we are short ushers and greeters. And we
