

June 2021

Dear Parents,

We are looking forward to welcoming all our new Kindergarteners in September 2021. To assist your child to continue their academic growth over the summer we have prepared some fun learning activities in the areas of reading, math, and fine motor skills. Please allow your child to spend about 20 minutes per day on the ABCya website (10 minutes math & 10 minutes reading). Play games where your child will learn to wait and take turns.

Reading Tips:

- Read aloud to your child at least 10 minutes a day.
- Keep books in the car or in your summer bag for easy reading on the go.
- Help your child select books that are of interest to him or her.
- Let your child see you read.
- Make reading together fun and memorable.

Math Tips:
