The impact of social distancing on children

The negative effects of the pandemic on children are just beginning to be seen, as children head back to schools and daycares, some for the first time in well over a year. Children may be struggling socially, academically, and developmentally, due to a year of social distancing and predominantly online interaction. Work with your children to discuss how they are feeling — check in often for any signs that they might be overwhelmed or struggling. For more information, read the article, “The impact of social distancing on young children.”

El impacto del distanciamiento social en los niños

Los efectos negativos de la pandemia en los niños apenas comienzan a verse, ya que los niños regresan a las escuelas y guarderías, algunos por primera vez en más de un año. Los niños pueden tener dificultades sociales, académicas y de desarrollo debido a un año de distanciamiento social e interacción predominantemente en línea. Platique con sus hijos sobre cómo se sienten; fíjese si existen señales de que puedan estar abrumados o tener dificultades. Para obtener más información, lea el artículo en inglés, “The impact of social distancing on young children” (El impacto del distanciamiento social en los niños pequeños).

Eucharistic Adoration

Adoración Eucarística

Of all devotions, that of adoring Jesus in the Blessed Sacrament is the greatest after the sacraments, the one dearest to God and the one most helpful to us.
