

Miss Green's Technology Corner

Welcome to SFA for the 2021-2022 school year. My name is Miss Kacie Green and I will be teaching technology to all students in grades Pre-K through 8th grade. SFA is a Google School so every child in grades K-8 will have a SFA school email address. Students in grades 2-8 will be using Google Classroom throughout the year during computer class. I will post apps, websites, and resources here throughout the year.

We begin the year with the Internet Safety presentations sponsored by Netsmartz. These presentations are age appropriate and remind the children the importance of being safe online and in the real world. Check first, take a friend, tell people NO, tell a trusted adult and you're ready to go!! Here are some of the resources I use during class that can also be used at home.

If you have empty printer cartridges at home please send them in with your child. We receive money for these cartridges when we recycle them with Staples. We use the money for our own ink supplies so every little cartridge helps! We appreciate your support.

I hope everyone enjoys what is left of summer! If you ever have any questions please don't hesitate to email me at kgreen@sfaschool.com
