

Miss Emily's daily

2021-2022

Sept 17th, 2021

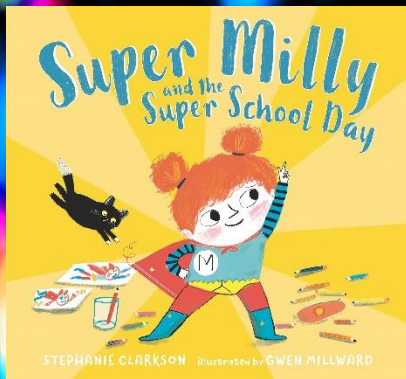

The children were invited to do a fine motor and color sorting activity. The children were encouraged to only use the kid tweezers to pick up the different color people and place them into the right house

With Miss Megan, the children made an ALL ABOUT ME rainbow. They were encouraged to trace the first letter of their name, glue the different color strips to their cloud, and answer six questions

- What is your name?
- Who is your best friend?
- What is your favorite toy?
- What do you like about school?
- What is your favorite show or movie?

Book of the day

With Miss Missy, the children were invited to do a little puzzle activity. They were encouraged to put back together a picture of a little boy or little girl

The children got to use rhythm sticks and learned how to create and follow a beat.

Important info/Reminders

- Computer Lab won't start until mid-October.
- Next week's theme: five senses
- Letter of the week will start next week.
- I will start sending "homework" home in October.
