

Miss Emily's daily

2021-2022

Sept 9th , 2021

The children were invited to do a letter recognition/fine motor activity. First, the children were encouraged to say what letter their name begins with. Then, they decorated the first letter of their name using dotters.

Book's of the day:

Chicka Chicka Boom Boom

The World Needs More Purple People

We discussed all the rules for center play.

The children were given time to explore the different learning centers in the room (Dramatic Play, Science, Math, Blocks, Train Table, Library/Cozy Corner)

Got their little bodies moving to some fun gross motor songs:

Listen and Move

Let's Go To the Zoo

Bear Hunt

Move and Freeze

Friendly Reminders

- If you plan to send in a hot lunch, it needs to be placed in a thermos. We can not put tinfoil or plastic in the microwave. Please provide something for us to put your child's lunch on while it is being heated up in the microwave
- Going to switch up how I store your child's lunch and snack. To make things easier, please put your child's am snack in a plastic bag labeled (name and am). I am going to get a bin to store all the am snacks in. This will help insure that snack set up is faster. Also, if your child's lunch bag doesn't have a ice pack, I ask that you get one. Going to just keep your child's lunch in their school bag to help make lunch set up faster. Your child's cup will be the only thing that will go in the fridge.
- Please sign and send back the slip that was sent home in your child's green folder today. Your child will not be permitted to use the iPads for computer lab without the permission slip signed.
- If you did not sign and send in the packet of all the important forms needed for your child, please do so ASAP. All the forms are on the SFA website. If you came to Back to School night, you received a hard copy of the forms then.

Thankful
Thursday
