Dear Parents,

I have created "FAMILY SIGNS" for each family in grades K-8. Preschool does not need it since they are not going in car line. It will have all your children and their grades, so it is easier at dismissal for us to get the car line moving faster. These signs are going home today (Monday) so they will be used starting tomorrow. Each family has 2 in case more than one family member picks up. Always keep them in your cars and when in line put them in your windshield. We are going to direct the car line up a bit further near the preschool fence. If you have a child in a car seat, please do your best to get them in quickly as to not hold up the line.

Every family gets one in K-8 regardless of if you are in the car line or not. Keep it safe in case it needs to be used throughout the year.

Thank you so much for your cooperation and hopefully this will eliminate some dismissal issues. If we must, we will figure something else out.

Thanks so much!

Nicole Hamilton
