Hi Everyone!!

We had a great first short week last week! Everyone did a great job adjusting from summer mode! This week specials begin! Please make sure to check your child's homeroom teacher's webpage to determine when their gym day is so they are wearing their gym uniforms. I have seen a few children wearing their Sperry's, but they are supposed to be wearing sneakers everyday for our fall uniforms. Sperry's do not start being worn until November when winter uniforms begin. :)

We began eating in the gym with our new and improved lunch tables!! Thank you so much to my volunteer parents who came in to clean them! We are so grateful! I want to clear up why I did not want students cleaning them. First, these tables are for them to enjoy, and I wanted this to be something they didn't have to work for. Second, the tables are heavy, and I didn't want them getting hurt while cleaning them. Lastly, although they are great at cleaning, they really needed to be scrubbed and I know parents would clean them a bit more than the students. :) Look out for pictures I took of the kids today eating in their new lunch spot! Along with lunch, there will be NO HEAT UPS this year. Since we are eating in the gym, we already have to wheel out 5 tables in a short time span and then rolling out a microwave and figuring out where to put that makes it more difficult. Plus the children have little time to eat as it is, so if we have to heat up multiple kids each day, they really won't have time to eat. We have hot lunch again so if you want something hot for lunch you can order or buy a thermos to keep the food warm. Thank you for cooperating with this!!

Mrs. Carlin has her sign up for [Arts and Crafts Club](#) ready to go for grades K-3!
