

Saint Pius X Catholic School

Dear Parent,

As required by the State of Indiana, all Indiana schools must administer a Home Language Survey to all first time enrollees (i.e. preschool) or out-of-state students to identify the first (native) language(s) of all students enrolled in the school corporation. The completed form will be placed in the student's cumulative file, and will not be requested again. The Home Language Survey is attached to this letter.

The purpose of the Home Language Survey is to identify students in need of English language development services. Based on the results of this survey, students will be tested for their level of English proficiency and provided services as needed. **If a language other than English is indicated for any of the three questions, the student is considered to be a language minority student.** Our goal is to ensure that all students receive the support that they need to be a successful student.

Please complete and return the Home Language Survey to the school office immediately. Thank you for your cooperation.

Sincerely,
Shirley Koloszar
Administrative Assistant
