

Financial Goals

1. To provide a financial base sufficient to sustain Vashon Park District properties, facilities, and services to the community in a fair and equitable manner.
2. To be able to withstand local and regional economic trauma; to adjust to changes in service requirements; and to respond to other changes and challenges as they affect the District and the community.
3. To provide accurate financial information for the decision-making capabilities of the District's Board of Commissioners.
4. To maintain a spirit of openness and transparency while being fully accountable to the public for the District's fiscal activities.

General Policies

1. The Board of Commissioners will adopt resolutions to set financial policies that ensure the financial strength and accountability of the District.
2. Financial policies will set guidelines for the management and control of revenues, expenditures, and investment of District funds.
3. The Executive Director shall develop administrative procedures for implementing the Board of Commissioners' financial policies.
4. Maintenance and service plans will be developed to reflect policy directives, projected resources, and service requirements.
5. To attract and retain employees necessary for providing high quality services, the District shall establish and maintain a competitive compensation and benefits package.
6. The District will strive to maintain fair and equitable relationships with its contractors and suppliers.
