

March 24, 2020

Dear Parents,

We currently are working on the daily schedule for remote learning and wanted you to be in the loop. We are attempting to align Remote Learning (at home) with On Campus learning as much as is possible and in a practical way. With this in mind, we are in the process of developing the following:

Taking of Attendance

- Morning Duty activities within Google Classroom – occurs between 8am and 9am
- Close of Business activities within Google Classroom – time will vary according to grade level

Daily Schedule Overview

We will provide a “synchronous learning environment” with significant interaction between teachers and students throughout the school day via Google Classroom.

- At 9am, Remote Classes will begin. Each grade level will follow a specific schedule (just as if they were on campus).
- We will be teaching Religion, Language Arts, Math, Science & Social Studies starting next week (March 30th).
- Teachers will be presenting lessons and making assignments that will appear in Google Classroom throughout each school day.
- There will be a **study period** each day before close of business. Teachers will be available online during this study period to answer students’ **homework questions**.

Class schedules will be sent to parents and students before the start of classes next week and are subject to change throughout this remote learning time as we adapt to better serve our students.

We will continue to update you throughout the week and are in the process of calling each family to connect with you and see if you have any questions we need to address. You may also email questions to OLGMariners@olgulf.org and we will work to get them answered as quickly as possible.

We continue to keep all of you in our prayers, and ask you to continue to pray for us as we prepare to take on the Remote Learning challenge!

Your servants in Christ,

The Mariner Faculty
