

March 26, 2021

Dear Parents,

I wanted to provide you with an update on our current situation at school with the announcement of our first on-campus COVID case in the Main School Office. I was tested for COVID yesterday, March 25th, and at that time was found to be negative. However, per our school protocols, I will remain in quarantine from school through April 7th, and will retest whenever directed to do so by the COVID team.

I will continue to work from home while Dr. Weaver and Ms. Swope, both fully vaccinated, will be covering the school office and on-site administration duties during this time. They are available by school phone (361.552.6140 X6) or email (drweaver@olgmariners.org / msswope@olgmariners.org). If you have any questions that you would like to send to the COVID Task Force Team directly, please remember that their email is COVIDInfo@OLGMariners.org. We are so grateful for their service to our school community.

I would also like to thank the faculty, students, and parents that have contacted me with their support and offers to help out as needed. It is always so inspiring to see how the Mariner community works together during times of trial. Please continue to keep in your prayers those in quarantine, both faculty and Mariner families, and especially those that have come down with COVID. Below is a prayer the COVID TFT prays when they get together.

Have a wonderful weekend and thank you again Mariners for all you do.

Your servant in Christ,
Theresa Dent, Principal

Heavenly Father, send your Holy Spirit of healing upon our world as we face this pandemic. Assist us in our time of anxiety with your calming presence, we ask this through Christ our Lord, Amen.
