Are you familiar with the news show segments testing children's safety knowledge? They often feature "strangers" trying to lure children with offers of ice cream, modeling contracts, or other goodies. They know that while many children are taught to avoid strangers, they may not be taught to recognize abduction tactics. For more information on common tricks predators may use to lure children from The National Center for Missing & Exploited Children, visit http://www.kidsmartz.org/CommonTricks.
