**MOTHER CABRINI CIRCLE GIFT SHOP**
Located in the vestibule; open before & after morning masses and Thursdays 12-3pm
Dear friends,

In the month of October—the month dedicated to Respect Life—I would like to share with you a reflection on an important life issue—namely, In Vitro Fertilization or IVF.

One spiritual gift that God has given me is that I can pray for couples who are having a very hard time having a baby. By the grace of God, about 40 women have conceived from these prayers.

Four years ago, I ran into a married couple whom I knew from a previous parish. The woman said to me, "Fr. Joe, please keep us in your prayers. My husband and I have been trying to have children for nine years. Tomorrow I'm undergoing "in vitro-fertilization" for the fourth time. Please pray that it works so that we can finally have a child."

Well, immediately, I was put on the spot. That's because the Catholic Church, in the name of Jesus Christ—not in its own name, but in the name of Jesus Christ—teaches that in vitro fertilization is immoral.

The desire to overcome infertility is, of course, a very good desire. But, as St. Paul teaches in his letter to the Romans, we may never use an evil means to attain a good end. IVF or In Vitro Fertilization is an evil means. Why? Not because technology is involved. The Church is not against technology, as such. In fact Jesus, through his Church, teaches that some medical methods of treating infertility are quite acceptable.

But any method which REPLACES the marriage act is immoral. And, unfortunately, IVF or In Vitro Fertilization does that. Children are conceived—not through the loving union of two parents—but in a petri dish.

And there are other immoral dimensions to this procedure: for example, the method that's normally used to obtain the seed is immoral, as is the common practice of destroying some of the eggs that are fertilized or using them for medical experiments. And lest we forget—to destroy a fertilized human egg is to destroy a human person made in the image and likeness of God.

Well, as gently as I could, I tried to explain all of this to the woman and her husband. And, not surprisingly, they were devastated. The wife finally said, "Fr. Joe, do you hate us now for having done this 3 times? Will you think less of us when you see us in the future?"

I said, "Of course not. You're wonderful people. And besides, in the past, you didn't realize this was wrong—as many other Catholics don't realize that it's wrong."

Brothers and sisters, there are many Catholics who do not know this truth about IVF. I want to encourage you to know the truth, live the truth; and stand up for the truth. May God bless you.

Yours in Christ,

Fr. Joseph Shea

Galatians: “What must we do to be saved?”
This is the most important question a Christian can ask. Paul’s letter to the Galatians provides the answer and reveals the merciful love God the Father has for his children. The Galatians: Set Free to Live study speaks of the extraordinary gift of salvation Jesus has won for us and explains how we can unite ourselves to Christ’s redeeming sacrifice through faith and love.

This 8-session program starts on Thursday, Sept. 12th and goes through Oct. 31st. It is presented by Jeff Cavins who explains how Christ fulfilled the Law and set us free to live in the Spirit. Learn what “justification” means and how faith and works are an integral part of it. Discover how we become heirs to the promises and blessings of Christ through faith.

This study will be held at St. Rose of Lima School in room 8 at 7pm on Thursday evenings.

For more info call Dr. Neil Fanning at 805-217-4300 or via email: fanning@pacbell.net

Planned Parenthood’s Racism
Margaret Sanger, the mother of modern contraception and the founder of Planned Parenthood was an avid racist who believed that only healthy white people had the right to procreate. Today, planned Parenthood continues her mission in the African American communities. About 1 out of every 3 abortions in the U.S. are African Americans. 36.0% of all abortions in the U.S. in 2014 were performed on African American women, however, only about 13.3% of the total population is African American.

Protect young people from cyberbullying
Cyberbullying can happen at any time, on any online platform. It can take many forms – cruel direct messages, threatening emails, mean texts, shared photos, and more. Victims of cyber-bullying often suffer from anxiety and depression, and their self-esteem can be diminished. They may be reluctant to talk about bullying, so parents need to be on top of all their children’s online activities. Asking questions and getting information about popular apps and sites will help, too.

**¿Sabía Usted?**

El acoso (bullying) cibernético puede ocurrir en cualquier momento, en cualquier plataforma en línea. Puede tomar muchas formas, como mensajes crueles directos, correos electrónicos amenazadores, textos agresivos, fotos compartidas y más. Las víctimas de acoso cibernético a menudo sufren de ansiedad y depresión, y su autoestima puede disminuir. Es posible que se muestren reacios a hablar sobre el acoso escolar, por lo que los padres de familia deben estar al tanto de todas las actividades en línea de sus hijos. Los padres de familia pueden buscar ayuda, preguntando y buscando información sobre aplicaciones y sitios populares. Para más información, obtenga una copia del artículo de VIRTUS® “Cyber-Bullying: Protecting Young People from Technology Dangers” (Acoso cibernético: protegiendo a los jóvenes de los peligros tecnológicos)
