

## **PRAYER TO ERADICATE THE CORONAVIRUS PANDEMIC (COVID-19+)**

**My Lord Jesus Christ, You who are the Doctor of doctors, the one who restores all that we think is lost. Who heals the most hardened hearts and who has all the power to deliver from evil. There is no disease that does not bow to your presence, that resists your creator power. That is why we ask you, to come with strength and help us free ourselves from this terrible evil of the coronavirus.**

**Through the intercession of the Virgin Mary, our Holy Mother, we ask you to protect us from the coronavirus epidemic. You are the most powerful and merciful. You can make it happen.**

**Lord Jesus, we ask You to grant the leaders of the government, and above all, the medical specialist throughout the world the graces of wisdom and knowledge to combat the spread of the coronavirus and to find a cure for it.**

**Holy Virgin Mary, You who trusted in the love of the Father in the face of the obstacles, challenges and distressing situations that you face together with the Holy Family, we ask you at this moment to look at us with your merciful eyes, with your eyes of a sweet mother and to help us get rid of this coronavirus disease.**

**You are our refuge in moments of anguish, who can calm this anxiety. You are the health of the sick. Therefore, we turn to You, who are the Mother of goodness, so that, before the divine Throne, You may drop our humble request and help us find healing and protection from this illness.**

**You who were protected by that Angel during your journey in the desert protecting The Child of God, we ask you to give us also that strength and faith to go through this time of trial in sickness.**

**May all the power of God's mercy be unleashed and may he relive all the sick from this sickness. Above all, to all the elderly, whom the coronavirus is attacking in great magnitude.**

**We trust in the providence of the eternal Father, we trust that He does not abandon any of His children, we trust that He is deploying His entire angelic**

**court to care for all His own, freeing us from all anxiety and putting peace in our hearts.**

**O blessed Virgin Mother, protect us, relive us, console us, bring us good and protect us from this epidemic of the coronavirus. We allow ourselves to be covered by your mantle of love so that God may send us the strength and health we need in this moment of anguish and despair due the coronavirus disease.**

**“Mercy, my God; have mercy on me, for I have sought my refuge in you; I take refuge in the shadow of your wings until misfortune has passed. I invoke the most High God, the God who does so much for me”. (Psalm, 57,1)**

**Holy Spirit of God, come with your peace to fill our hearts with peace as we go through these dark hours. Help us to do whatever is necessary and within our reach to fight this epidemic of coronavirus.**

**Bless, O Holy Spirit of power, all people who are working together to eradicate this epidemic so that they may work together as one family of God.**

**Most Holy Trinity, we believe in Your absolute power that heals and restores everything. We place all our hope in You. You are our strength and our shield; in You our hearts trust.**

**Sweet Mother of God, be our refuge in the midst of this anguish. Through your intercession, may your help each and every one of those who have fallen ill due to this terrible epidemic of the coronavirus. Immaculate Heart of Mary, we seek your intercession for us, for our loved ones, for our nations and for this entire world. In the name of the Father, the Son and the Holy Spirit.**

**Amen.**

**Holy Virgin Mary, come and give me your company.**

**Holy Virgin Mary, be the salvation of my soul.**

**Under your protection we take refuge. Holy Mother of God. Do not despise the pleas we make to you in our needs but deliver us from all dangers. O glorious and blessed Virgin. Amen**
