

Nazareth Academy Brick Fundraiser

Nazareth Academy is raising money to help pay for the playground renovation project. The engraved bricks will be placed on the south side, leading from the steps to the flagpole. The upgraded playground will ensure better safety for the students and will include an eight-foot wrought iron fence, a track inside the fenced in area, added shade areas, safer fall-zone material, two basketball half courts, volleyball and more!

Your generosity ensures that students for generations to come will benefit from healthy and needed play while being in a safer environment.

4x8..... \$125

8x8..... \$200
