## ALL ISLANDS

### **CURRENT FLU SEASON – IT'S REALLY BAD!**

It will be hard but you might consider just waving at the sign of peace instead of shaking hands. And if you are feeling unwell, please stay home. Thanks.

### **FROM THE CDC WEBSITE:**

#### **HOW DO I KNOW IF I HAVE THE FLU?**

You may have the flu if you have some or all of these symptoms: fever; cough; sore throat; runny or stuffy nose; body aches; headache; chills; fatigue; sometimes diarrhea and vomiting.

\*It's important to note that not everyone with flu will have a fever.

#### **WHAT SHOULD I DO IF I GET SICK?**

If, however, you have symptoms of flu and are in a high risk group, or are very sick or worried about your illness, contact your health care provider (doctor, physician's assistant, etc.).

Certain people are at high risk of serious flu-related complications (including young children, people 65 and older, pregnant women and people with certain medical conditions) and this is true both for seasonal flu and novel flu virus infections.
