Please Consider Making a Charitable Donation!

Save the Date for our Annual Auction on May 15th, 2021

We are very excited to announce that this year's **raise the paddle is dedicated to the construction and build-out of a new science lab** in the place of our computer lab. As part of our school board's strategic plan, we are now at a 1 to 1 student computer ratio to bring computers into the classroom! This accomplishment now allows us to enhance science lab experiences for all students in grades kindergarten through eighth. We estimate the total costs (construction and Lab Learner's materials and curriculum) to approximately \$300,000 and hope to begin converting the classroom space this summer.

Sponsorship Opportunity

The auction committee is working on a DNA Double Helix "donor recognition art piece" to be displayed, with your name or logo on it, in the new science room after completion. **We would be honored to have your support in completing this project with an early molecule purchase.** With 300 molecules in total, each piece of the Double Helix is available for \$1000. If you are available, I would love to tell you more about this donation opportunity and the impact your gift will mean for the future of Assumption!

Raise the Paddle for SCIENCE

Contributions at any dollar amount will be directed to our science lab project this year. We greatly appreciate all donations that help us reach our goal. Raise the Paddle donations can be given now at our online auction website: <https://assumptionscience.ggo.bid/bidding/package-browse>

Item Donation Opportunities

If at this time you are unable to purchase a molecule for our DNA Double Helix, **we are gladly accepting future pledges, cash and item donations for our online auction.** This year we are specifically looking for unique and creative adventure experiences/items, services and practical items that your business may be able to provide. We are very grateful to the many local businesses, current and alumni families, as well as Friends of Assumption, that continue to support our mission and build the strong educational ministry you see today.

Since 1959, we have been your neighborhood Catholic school. We are proud of the Assumption legacy and look forward to continuing to offer the best education possible, while inspiring the faithful leaders of the next generation. **Your support truly makes a difference!**

Go Hawks!
Principal, T.J. Romano
