

2nd Sunday of Advent Homily 2018
Be open to God's Construction!

The Southwest Green-Line expansion in the Twin Cities to go to St. Louis Park, Hopkins, Minnetonka, Eden Prairie, passing in close proximity to Edina. A 2.3-billion-dollar expansion with 46% of the funding coming from federal funds. It will be completed with 16 new stations in 2023!

The construction that matters for all of us is God's construction during this season of Advent. Reconciliation for us all with God, self and others.

Baruch, St. Paul to the Philippians, and John the Baptist speak of this construction that God oversees in our lives. St. Paul writes: May God who has begun the good work in you bring it to completion.

Let every valley be filled in, every mountain leveled, and every winding way be made straight and rough ways made smooth and all flesh shall see the salvation of God.

We want the salvation and the construction of our God to be for us and everyone. God's specific time for Jesus and his ministry enters our specific time and place and loves us into eternity! God's construction is what really counts and reaches to everyone!
