

## *First Communion Form*

It is customary for children in second grade to receive this sacrament. Diocesan policy states that children must be enrolled in two consecutive years of religious formation (PSR classes or attend Catholic School) to participate. Parents and children are to also participate in the parish sponsored sacrament preparation program. Preparation for the Sacrament of Eucharist takes place in second grade for PSR students (older students who haven't received the sacrament may also be prepared with this class).

Please complete this form for your child who will be making First Communion this school year (form due along with \$30.00 sacramental fee by parent meeting; please refer to PSR schedule). This information will be used to prepare their certificate and will be entered into St. Joseph's permanent sacramental records. If applicable, this information will be sent to the church of your child's Baptism for their records.
