World Communications Day

June 2

Today Catholics are invited to reflect upon the media of social communication (films, radio, television, newspapers, audiovisuals) and how these influence our lives. The media can promote values that lead to a more fully human society. The Church's ministry is twofold. The media can be used to help promote the Gospel. At the same time, as receivers of the materials presented by the media, the faithful have a duty to support and promote worthwhile presentations on media and reject those which promote values contrary to spiritual growth.
