THE ROSEMOND REPORT

Dear Parents,

Much of what a principal does during each current year involves planning for the following school year. As you may know, I have been working behind the scenes with our different established parish groups and others to increase our marketing and enrollment efforts. We've also strived to increase our school's presence online and communications in print.

There are many positive things to announce! This year we are actually "ahead" in our enrollment numbers! You can already look forward to having a brand-new school website for use next year, continued use of our recently added school app, as well as see updates soon to all of our printed materials which will reflect our current offerings and increased enrichment opportunities to come. Thanks to all of our volunteer parents who have generously given their time to help to assist in these and other areas of planning this year. I truly welcome your input. When we work together, there really is "No Place Like St. A," and I want us all to feel some Jagitude!

Yours in Christ,

Marianne Rosemond
