THE ROSEMOND REPORT

Dear Parents,

Happy last week of school to all! I know that families are probably glad to have a change of pace and routine with no homework for a bit. Teachers and students are certainly excited! At this very moment, our Class of 2021 are outside having their Bike-A-Thon, some younger grades are having "Camp" reading in their rooms, and our middle grades children told me that they will be teaching "How to" mini-lessons today to learn public speaking...this info is just from my walk around and a conversation before school. I know there are even more activities taking place than those I just mentioned. It's a fun week already!

When first I came here in July, I could not have imagined the way that I'd feel today. We were quickly planning to commit to reopening and planning how to accomplish that, and we did! From then on, it's been a happy and hectic year filled with learning for all of us. Fr. Haft, our faculty, students, staff, and volunteers here are now all very much a part of my heart. They are all friendly, welcoming, and caring people who do their best each day, adults, and students alike! We have worked hard and even played hard most days of this school year. I wish the Class of 2021 all the best, and I look forward to seeing them as they come back to visit and hearing of their future successes!

As for next year, I especially look forward to seeing students and parents without masks consistently and putting into practice many good ideas and activities that couldn't occur this year due to COVID. I will be glad to see those that I already know this summer while at our August festival, at weekend masses (I'm joining the parish), or perhaps other parish/school events. I hope to be introduced to many of you whom I still don't know by name and/or face.

I wish all of you a very happy and healthy summer filled with family, friends, and fun! Keep encouraging reading and always take time to make good memories together. Thanks for being blessings in my life!

Yours in Christ,

Marianne Rosemond

P.S. We will have the Jagwire for a few weeks in June and then it will return in August.
