PROTESTANTS TO PRAY IN BEHALF OF OPPRESSED JEWS

300 Churches Will Join in 'Day of Compassion' at Services Tomorrow

THROUGH the new president of the Cleveland Church Federation, Dr. D. R. Sharpe, more than 300 Protestant churches of Greater Cleveland have been requested to observe tomorrow as a "Day of Compassion," in which all Christian people are invited to join in intercession for the Jewish people of Europe who are victims of racial and religious presecution.

In a letter sent to the Protestant clergy of Cleveland, Dr. Sharpe urged that each minister observe the day fittingly. Dr. Sharpe cited the suggestion of the executive committee of the Federal Council of Churches that on the "Day of Compassion" Christians pray:

"That God, in His mercy, may open the way for the deliverance of the Jewish people;

"That the hearts of all Christian people may be stirred to active compassion for the suffering of the Jews;

"That the hearts of all Christian people may be stirred to active compassion for the suffering of the Jews;

"That Christians in America may steadfastly oppose tendencies to anti-Semitism in our country;

"That the spirit of racial good will and justice may be greatly strengthened among all men throughout the world."

The Protestant clergy also have been provided with a folder containing prayers of penitence, prayers for the oppressed and a litany of intercession, suitable for use tomorrow. These also will be used at the service for installation of new officers of the federation at First Methodist Chuch tomorrow night.

CITY GETS GRANT FOR CHILD CARE

FWA Funds Will Pay 48% of Cost of 40 Centers

A federal grant to support Cleveland's child care centers has passed its last hurdle and $133,143 has been appropriated by the Federal Works Agency to help support 40 nursery and play projects for working mothers' children, it was learned last night.

Final White House approval was granted on the application, filed March 1 and authorized by a wide array of federal agencies, Fred Charles, special assistant to Maj. Gen. Philip B. Fleming, FWA administrator, said yesterday.

Some 30 cooks, teachers and attendants today are off WPA pay rolls that helped finance some of the 36 child care centers in operation here. Mrs. Laurence Hamill, chairman of the emergency child care committee, said last night that these workers would stay on their jobs until the new funds could be distributed.

Mothers will pay 52 per cent of the bill for the 40 centers, contributing about $140,000 in addition to the federal funds made available through the Lanham act.

Budgets Go to School Boards

The Board of Education will administer the financing through a joint committee made up of members appointed by Supt. Charles H. Lake and Mrs. Hamill. Budgets of the child care centers to get federal support will now be submitted to the school board, Mrs. Hamill said.

"We've lost a few of the WPA workers," she said, "but I think they have a certain loyalty to the centers. They will stay on their jobs until we know whether they will be continued on FWA."

Day care centers planned include 25 for preschool children and 15 for children of school age. They will provide a safe play program under trained supervision for 1,775 boys and girls of working mothers, according to Lanham act requirements.

All WPA-supported nurseries and other day care projects were closed yesterday, in accordance with the presidential order to liquidate that agency.

Everyday Religion

BY DON D. TULLIS

I Can't. Can You?

MARY, hastening to the tomb, paused and asked, "Who will roll away the stone?" When she arrived it was already rolled away.

Many of the impossible obstacles to human progress are removed before we reach them.

However, there are stones that we alone can roll away. Our pioneer fathers did not wait for an earthquake to fell their forests and furrow their fields. "I can't go to college," says a young man, "for I have no money." He doesn't deserve an education. Real men roll the stones from their own pathways.

There are obstacles that only man and God working together can remove. It takes both to make a better world. Heaven hates war. Earth alone is responsible for it. But God does not hesitate to help the cause of right. Uncle Billy Hale was a peaceful Quaker, but when a ruffian hurt his child he whipped the scoundrel. In "The Robe," Demetrius tells how, when a child, he would get hurt and run home to his mother's arms, and she would hold him until his tears were dry. Then he adds: "Grown folks ought to have some one like that to whom they could go in their bitter hours." Well, they have. God doesn't condone evil, but neither will He forsake His children. He was at Dunkirk and the African landing. Had He not turned the Axis eastward at the invasion hour, the German army would have faced but 60 tanks in all of England. Now there are 12,000.

As God works with man in defeating evil, so man must work with God in establishing good. The tragedy of the last postwar period must not occur again. We must stand by His plan for peace on earth.

There are some stones that only God can remove for us. He alone lifted us from our low estate of "almost-man" and breathed into us the breath of intelligent being.

He alone can remove for us the obstacle to eternal life—death. The giants of the earth have tried and failed.

Before going into battle in 1916 Donald Hankey prayed with his men, and then said: "Men, if you are wounded, it's blighty; if killed, it's the resurrection."

An hour later he was killed. If you will let God roll the stone away from your pathway, for you, too, it will be the resurrection.

U. S. to Ask Cities' Aid in 3½ Million Crop Corps

WASHINGTON, April 30—(AP)—Armed with a special appropriation of $26,100,000, Food Administrator Chester C. Davis inaugurated today a broad program designed to provide farmers with sufficient labor to produce a record supply of food.

The program calls for enlistment of a United States crop corps of 3,500,000, including urban men, women and boys for full-time and part-time work, and the importation of up to 65,000 foreign agricultural workers for placement on farms.

President Roosevelt cleared the way for action by signing a deficiency appropriation bill providing funds. Most of the money will be used for transportation and shelter of workers away from home.

The farm labor program will be directed by Lt. Col. Lewis Taylor, deputy food administrator. Under Taylor will be M. L. Wilson, director of the Agriculture Department's extension service, and Col. Phillip G. Bruton.

Davis reported the selective service system had deferred 1,012,302 farm workers between last November and April 15, and estimated that by the end of 1943 a total of 3,000,000 such workers will have been deferred.

Davis directed the extension service to co-operate with the United States Office of Education in recruiting 500,000 non-farm high school boys for work on farms, and to develop the women's land army.

Agreements for the importation of foreign workers have been signed with Mexico, the Bahama Islands and Jamaica. Davis said up to 50,000 Mexican workers are expected to be brought in at a rate of 7,000 a month for placement in western states.
