Hello, I am Mike Silver and I am the Physical Education teacher for grades Prek through 6. Teaching Physical Education has been a great experience. Teaching the students different activities and games to educate them on the importance of staying active and being healthy. My program consists of teaching students about movement and physical activity. I do teach all of the students different sport skills and games, but I also teach them activities that will incorporate different types of physical skills such as throwing and catching, balancing, locomotor skills, cooperative activities and many more. I enjoy watching the students work together to accomplish goals. Sportsmanship is something I teach the students from September all the way through June, and my goal is that every student takes the importance of good sportsmanship and uses it in all aspects of life. It is my pleasure to teach such wonderful students and to work with such a great staff here at St. Ambrose!
