Nine Month Novena

The First Month of a Baby's life:

- By the end of the first month, a baby is about 1/4-inch-long – smaller than a grain of rice.
- At about 6 weeks, your baby's heart beat can usually be detected.
- By the end of the second month, a baby is about 1 inch long and weighs about 1/30 of an ounce

Novena Prayer

Jesus, Mary and Joseph, I love you very much.

I beg you to spare the life of the unborn child I have spiritually adopted
who is in danger of abortion.

Our Lady of Guadalupe, Patroness of the Unborn, pray for us and for this child. Amen.

Live-streaming and Overflow

While some parishioners come regularly, others are not ready to physically return to worship in the church. That is OK. We want everyone to be able to participate in the way they can at this time.

We are still obliged to social-distance. On Sundays, the church has been close to capacity; therefore, if when you arrive, the church is full, you may be asked to participate in Mass via live-stream in the parish center. Communion will be brought to you.

*** Special thanks to Ben Peintner for facilitating the installation and trouble-shooting of the new Camera!

Step by Step

Little by little, we want to restore various liturgical ministries to Sunday liturgies. Already, we are scheduling lectors, cantors and rosary leaders. Soon we will add ushers and greeters. If we have regular need to use the parish center for "over flow", we will want to schedule extraordinary ministers of the Eucharist. If you wish to be included in the scheduling of these ministries during this time of transition, please contact Allen Morton or Kim Thies.
