

# ST. CECILIA'S CARE MINISTRY

Honoring Gifts. Accompaniment. Service.

## WHAT IS CARE MINISTRY?

The Care Ministry is a support system to help give back to our valued senior parishioners through friendship, prayer, and a sense of belonging to those who have gifted us with their wisdom and talents.

## HOW

We want to create intentional and deliberate ways to help our senior parishioners with their various needs, that are within our capabilities and resources, to remain as members of our church community. By having a Navigator and volunteers, including a database of resources, we can facilitate and meet the specific needs of our seniors.

## OUR NAVIGATOR

Jennelle Phillips joined the parish staff in July. She has been working behind the scenes meeting with a team ready to launch the ministry as our liaison. She attributes her love for Mary to her grandmother.

## MINISTRY EXAMPLES

An elderly person is having some issues with his Medicare - the navigator can help him find the right number to call.

A senior, who is living alone, just had surgery and needs some help taking her garbage to the curb- the parish can help out with that by identifying someone from our volunteer database that lives nearby to help her.

## WHAT DOES THE NAVIGATOR DO?

- Care Navigation
- Friendly Visitor
- Transportation Solutions
- Phone Calls & Errands
- Partnership with Community Resources
