

Faith Together Family Catechesis

Family Faith Program for Families with Kindergarten -5th grade children

Program Purpose:

Last year we focused on Faith Together at Home, building the Domestic Church. This year we will focus on Faith Together in our Parish, strengthening our bond with the Eucharist and the Liturgical year, and our parish community.

Program Overview:

- Continue to grow our individual family faith at home with Parent led online weekly lessons, videos, and activities, given to you through this program as we all grow together.
- Gather our families in-person once a month to share faith with other families, learn, grow, and strengthen our families and our parish community. These dates will vary depending on the Liturgical calendar.
- Gather as Parents to share faith and strengthen our knowledge and understanding of the Eucharist
