

September Service Video Workshop 2021-2022

As previously mentioned, we are asking you to submit a video about your Confirmation Service and to **Spark! the Conversation** about your experience with your family. When making your video together, please note that each video must be recorded and submitted through “Flipgrid” (which is a Microsoft webpage). Your video will only be visible to SATG staff and will remain hidden from other viewers online.

- For those who have not used “Flipgrid” before, it is a simple way to record and submit a video. If your teenager has not used it yet, there is a chance they will sometime during the school year.
- To prepare recording a video, please go to <https://flipgrid.com/458085c2> and access our page by entering our guest password. (The guest password is **Confirmation22**).
