

St. Teresa Doughnut Schedule 2021

The top name on the list for each Sunday should call the other two and remind them. Please find a replacement if you can not come on your scheduled week. If you have any questions please call Butch Bach, 317-7212.

We have also asked the youth being confirmed this year to sign up for times to help out in the kitchen to earn service hours. Call the faith formation office (507-524-4606) if you have questions.

ST. TERESA DOUGHNUT INSTRUCTIONS

Turn on the breaker for doughnut machine and coffee machine. Turn on the doughnut machine to the highest setting (400°). Turn on the coffee machine and the thermostat to the high setting.

Recipe for 1 Batch of Doughnuts

- **Mix 3¼ - 3½ cups water to 12 cups doughnut mix (*The dryer the batter the better.*)**
 - **Let the batter sit for 5-10 minutes before starting.**
 - **Wait until light goes off on machine to drop the doughnuts in.**
 - **Add more shortening whenever oil gets a ¼” below the line. A good oil level is crucial. The lower the oil gets, the faster it will cool.**
 - **Doughnuts cook quickly- just let them get light brown. They will continue to cook after you take them out of the oil. Lay them flat on a paper towel to cool.**
-
- Mix 4 batches of doughnuts for an average crowd at Mass. 5 batches if the church is full.
 - Juice – Start with mixing 8 cans of juice. You may need to mix more for larger crowds.
 - Coffee – Use 2½ cups of coffee grounds per pot for a full batch of coffee.
 - Fill the doughnut machine with shortening for the following week.
 - After cleaning up and doing dishes, please take the dirty towels home, wash them and return them to the church kitchen.

Thank you! If you have any questions, call Butch Bach at 524-4822
