Name: Lori DiGaetano

What were things like before using your best practice?

We have some difficulties with respect of females vs. males.

Describe the best practice:

We created a separate retreat for girls and use proverbs 31:25 as a theme. I brought in female speakers to teach the girls about their inner strengths. The second year I ran this retreat, I invited male speakers to talk to the girls about being in relationships and some do's and don'ts.

The results:

As a result, the boys wanted their own retreat – The date is tentatively set for June 18th.
