

# Youth Ministry Best Practices

**Name:** John Cammarata

**Parish:** St. Peter the Apostle, Parsippany

## **What were things like before using your best practice?**

Things used to be slow getting messages across to Team members.

## **Describe the best practice:**

We now use the Groupme App. This helps me stay in contact with Team while we are on retreats.

## **The results:**

Instead of waiting until the end of the day to evaluate how the retreat is going, the app allows you to adjust in real time to fix problems or encourage the Team members.
