

April 2, 2020

Dear Good Shepherd Catholic School Parents,

Our Governor, Andy Beshear, announced that all schools in Kentucky will be closed through May 1<sup>st</sup>. Therefore all school-related activities will continue to be suspended until school hopefully resumes on Monday, May 4, 2020.

We at Good Shepherd Catholic School will continue distance learning and providing instruction as to how it will be executed. We assure all of you that Good Shepherd Catholic School remains dedicated to continuing educational excellence by nurturing the whole child, fostering academic excellence, and instilling a Christ-centered commitment to society. And be assured our teachers will continue their dedication and commitment to delivering the same high-quality academic and educational content through distance learning. With your trust and support, Good Shepherd Catholic School will carry on excelling in all phases of a Christ-centered education.

We pray for the health and safety of every one of our Good Shepherd community – and everyone impacted by this pandemic. I know this is a very stressful and unsure period for all of us. We are especially thoughtful of the health care professionals and essential employees who continue to go to work through this difficult time, particularly those who are members of our school and parish communities.

You are an important part of our Good Shepherd family and I hope you and your loved ones are healthy and safe. May God continue to watch over us all.

Dr. Michele Ulrich
