It is hard to believe that we are near the end of September. It has just breezed by! The students have been working hard so far this quarter. We are a little over half way through. This would be a great time to review your child's progress on SchoolSpeak, if you have not already done so. Grades will continue to be published every Wednesday through the end of the quarter.

Enjoy your weekend!

## **Reading/Language Arts:**

We discussed "Author's Purpose", by using the acronym PIE. We also read *Family Pictures*. In Language Arts, we learned how to identify and use direct objects and subject complements. In addition, we fixed run-on sentences (See pages 16-21 for review.) Our first test is scheduled for next Thursday.

**Math:** Students learned how to write expressions using variables. They also solved expressions with a given number for each variable.

## **Science/Social Studies:**

In Science we discussed how light travels in waves called compressions.

In Social Studies we reviewed renewable and nonrenewable resources. We also compared and contrasted Canada and the United States. Our first test is scheduled for next Friday.
