**¿Sabía Que** ¿Qué riesgos valen la pena para los niños?

En la sociedad actual, los padres de familia a menudo tienen que decidir entre proteger a sus hijos y dejar que ellos experimenten la vida e incluso cometan errores. La seguridad es de vital importancia, pero también es valioso aprender de la experiencia y de los errores. Pueden existir ocasiones en que los padres de familia se pregunten si han ido demasiado lejos en sus esfuerzos de proteger a los niños, seguramente sin desear que sus hijos estén menos preparados para manejar situaciones de la vida real. Para obtener ayuda para discernir cuándo puede ser apropiado aprender de la experiencia, consulte el artículo VIRTUS® "Safety vs. Resilience in Childhood" (Seguridad versus resiliencia en la infancia). Para obtener más información, visite <http://www.la-archdiocese.org/org/protecting/Pages/VIRTUS-Current-Online-Articles.aspx>.

**DID YOU KNOW?** . What risks are worth it for children?

In today's society, parents are often torn between protecting their children, and letting them experience life and even make mistakes. Safety is vitally important, but there is value in learning from experience and from mistakes, too. There may be times when parents wonder if they have gone too far in their efforts to safeguard children, perhaps inadvertently rendering them children less prepared to handle real-life situations. For help in discerning when learning from experience may be appropriate see the VIRTUS® article "Safety vs. Resilience in Childhood."
