

Recommended Summer Reading by Grade

First grade summer reading recommendations

For students entering first grade, the Summer Reading requirement is 20 minutes of daily exposure to books and reading. With children this age, it is appropriate to read to children, read with children, take turns reading, and have the child read to you. Books should include new books and old favorites.

By the end of summer, children should have taken a few AR tests with the goal of 1.0 point being achieved. Tests may be taken on books that were read with the child, to the child, and on the child's own as we understand they are all in different places with their reading development.

If you are searching for books for your child, stores and Amazon have a wide selection of **Step Into Reading Books** (Level 1 and 2) that are appropriate. Another set of books that works well for this age group is **Green Light Readers** (Level 1 and 2). Those sets can be typed right into Amazon as a search, too. These sets have a variety of books, characters, and interest options for boys and girls.

Second grade summer reading recommendations

Recommended series:

Nate the Great

Amelia Bedelia

Magic Tree House

Ivy and Bean

Third grade summer reading recommendations

Recommended series:

Amber Brown

A to Z Mysteries

Ivy and Bean

Bad Kitty
